The National Association for Campus Activities (NACA) is the recognized leader in higher education providing knowledge, ideas and resources for campus life. We provide our members with programs and events focusing on student and professional leadership development, program planning, concert management, diversity and more. Our school and associate members also have access to one of the largest campus activities networking and talent buying resources in the country.

Moving the Strategic Plan Forward

Talk about momentum in moving a Strategic Plan forward! The National Association for Campus Activities has been equipped with a clear focus on innovation and relevance, and it has detailed goals to enhance advisor development and increase membership and member engagement. During my year of service as the chair of the NACA® Board of Directors, I am pleased to share several amazing accomplishments, including:

• The demonstration of NACA’s commitment to diversity and inclusion during the 2018 National Convention in Boston, led by National Convention Program Committee Chair Courtney James and the NCPC, as well as the establishment of the Diversity Advisory Group (DAG), chaired by Stan Sweeney.

• The awarding of the inaugural Campus Legends Award posthumously to Joey Edmonds during the 2018 National Convention Volunteer Recognition Program in Boston. This award recognizes and honors individuals who have gone above and beyond in their impact on campus programming.

• The launch of NACA 24/7, which allows users to complete Block Booking, and the unveiling of the NACA® App, which allows members quick access to all things NACA.

• The creation of the Live Events Action Group (LEAG), facilitated by Berto Cerrillo. LEAG provides guidance and direction in the planning and execution of all live events, including the National Convention and regional conferences. Its focus is to ensure these events are aligned with the Association’s mission and are responsive to the membership’s diverse needs.

• The completion of the inaugural Leadership and Effectiveness in Association Practices (LEAP) class, coordinated by Dr. beth triplett and Dave DeAngelis. This year-long program prepares potential leaders for significant volunteer roles within NACA.

• The launch of the NACA® Practitioner Academies. The first academy, Becoming a Star Supervisor, was held in July and was conducted by triplett and Brian Gardner.

• The selection of David Rosch of the University of Illinois at Urbana-Champaign as the first ever editor-in-chief of the newly launched The Journal of Campus Activities Practices and Scholarship. The editor will assist the JCAPS Advisory Board in fulfilling its purpose of providing a forum for current discourse on issues pertinent to campus activities through empirical research and other forms of scholarship.

• The revitalization of the Mid Atlantic Festival (MATFEST), which was designed for newly formed programming boards and those with limited budgets. It was held March 9-10, 2018 at Shippensburg University (PA) and provided student training and professional development.

It has been a pleasure and an honor to serve on the NACA® Board of Directors. Please continue to volunteer, continue to talk to your colleagues about the benefits of membership, and continue to provide feedback on what you’d like to see from the organization. I hope to see you at the 2020 Convention celebrating NACA’s 60th anniversary!

Dr. Lucy Croft

Vision
The National Association for Campus Activities will be the recognized leader in higher education for providing the knowledge, ideas and resources to promote student learning through engagement in campus life.

The Board of Directors approved the following two goals to guide the Association during the next three years as it moves toward achieving its vision.

Goal: Advisor Development
Establish NACA as the premier professional association for those who directly advise students engaged in campus activities.

Those with direct advising responsibilities were identified as the target population for this plan. Equipping advisors with relevant tools, resources and networks will allow advisors to have a greater impact on student learning, NACA engagement and campus programming—both now and throughout their future work in student affairs.

• Develop a model rooted in sound research and practice that supports seamless learning across all professional development offerings.
• Offer a comprehensive set of tools and resources that focus on programming and student organization advisors.
• Enhance opportunities and resources for graduate students to prepare them for their professional roles as advisors.
• Equip advisors to impact social justice through programming by providing the means to advocate for diversity and inclusion.
• Create local, affordable opportunities to facilitate community and encourage professional staff engagement.
• Expand opportunities for members to connect based upon their professional identities.

Goal: Membership Growth and Engagement
Stimulate membership growth and engagement by acting with intention, nimbleness and responsiveness in all endeavors.

The second focus, on membership engagement, will frame how the Association conducts its interactions and ensures its offerings provide value to members. The objectives in this theme will solidify the NACA role as a leader in linking learning through campus activities with the entertainment industry.

• Develop a customized, interactive digital platform to encourage members to find resources, do business and engage with the association 24/7/365.
• Reengineer the convention and conference experience to maximize value and engagement.
• Leverage partnerships/collaborations to create new opportunities that advance the NACA mission.

ABOUT THE LEADERSHIP FELLOWS PROGRAM

The NACA® Leadership Fellows Program serves as an opportunity for members of diverse backgrounds to become familiar with Association programs and professional development opportunities. Each Fellow must be full-time professional staff who have been in the field for three years or less and a member of an underrepresented population.

Specific responsibilities include attending the National Convention and one Regional Conference, present at least one educational session at each event, and write an article for NACA’s Campus Activities Programming® magazine. There are also regular conference calls with the Leadership Fellows Coordinator, mentors and other fellows. The role also involves serving as a member of the Diversity Activities Group and assisting with diversity initiatives.

Each Fellow receives a complimentary registration, Professional Development Luncheon ticket for each event and Diversity Dinner ticket for the National Convention. NACA reimburses for one-half a double/double sleeping room so that Leadership Fellows can attend the Pre-Convention meeting.

Learn about applying to be a Fellow or a Leadership Fellow Mentor at naca.org/volunteer.
The National Association for Campus Activities Foundation was established in 1982 to develop and provide educational programs and services for college and university students, professional staff and others who work in the field of student activities. The Foundation currently offers a variety of scholarships and research grants to assist undergraduate students, graduate students, professional staff and associate members in pursuing educational interests and career development.
